

Listening and Drawing Exercise

Read the instructions to your partner:

1. Draw an egg shape
2. Draw a circle touching the egg shape
3. Draw a circle inside the circle you have just drawn
4. Draw 3 straight lines inside the egg shape
5. Draw two small lines coming out of the circle that touch at one end
6. Repeat just below
7. Draw 2 longer lines coming out of the egg shape
8. Draw a line to join up these 2 lines
9. Draw 3 straight lines inside the shape you have created
10. Draw 2 lines coming out of the bottom of the egg shape
11. Draw 2 short lines coming out of the lines you have just drawn

This is what your partner should have drawn.

If not, why not? Discuss the exercise with your partner – was it their listening skills? A lack of understanding? Were the instructions clear?
